PROFILE

Aspiring Frontend Developer with a robust educational background in Computer Science, Mathematics, and Physics, committed to building interactive and visually appealing web applications. Possesses a strong foundation in programming concepts and logical reasoning, eager to apply theoretical knowledge in practical development scenarios.

EDUCATION

Matriculation May 2023 - May 2025
Amina Public Secondary school, Karachi

- 1. Completed **secondary education** with a focus on Biology, Chemistry, and Physics.
- 2. Completed with core subjects including **Biology, Chemistry, and Physics**, developing a strong foundation in scientific concepts and analytical skills.
- 3. Focused on **Biology, Chemistry, and Physics**, with basic understanding of scientific principles, problem-solving, and analytical thinking.

Intermediate Aug 2025 - Present
DIL college, Karachi

- Currently studying core subjects including Computer Science, Mathematics, and Physics
- Pursuing Computer Science with core subjects: Computer Science, Mathematics, and Physics.
- Developing programming fundamentals, computational thinking, and problem-solving skills.
- Gaining basic knowledge of computer operations, software applications, and logical reasoning.

SKILLS

Proficient in computer applications, including MS Office (Word, Excel, PowerPoint).

CSS

Responsive Design

HTML

JavaScript

Debugging

Problem Solving

Strong English communication and writing skills.

LANGUAGES

English

Urdu

HOBBIES

- Coding
- Problem Solving
- Video editing
- Video Gaming
- Web Development
- Photography
- Content creation

COURSES

Modern Web and All development

Present

I am currently enrolled in the Modern Web and App Development Program at Saylani Welfare International Trust. In this course, I am gaining hands-on experience in HTML5, CSS3, and JavaScript while building responsive and interactive web pages. I am learning to implement dynamic features, form validations, and user-friendly interfaces with a focus on UX/UI principles. The program is helping me develop problem-solving, logical thinking, and coding skills through practical projects and exercises. I am also expanding my knowledge toward advanced JavaScript, modern frontend frameworks, and mobile app development fundamentals. This ongoing training is preparing me to create professional, efficient, and responsive web and app solutions.
